

# System Level Design for Industrial Environment

Industrial DC Motors

Din rail mount  
RTU (Remote Terminal Unit)  
(or) SCADA Equipment  
Requiring -48V or 24V DC

Data Line

**Optimal Power**  
Universal AC to  
DC Power Supply

**Optimal Power**  
Supplying DC  
Power to the  
Industrial Motors

Data Line

Remote Monitoring

Utility Company AC Power
